ABOUT US

NextGen Olympiad Foundation, a veteran of National Education Olympiads with more than a decade of experience, excellence and popularity.

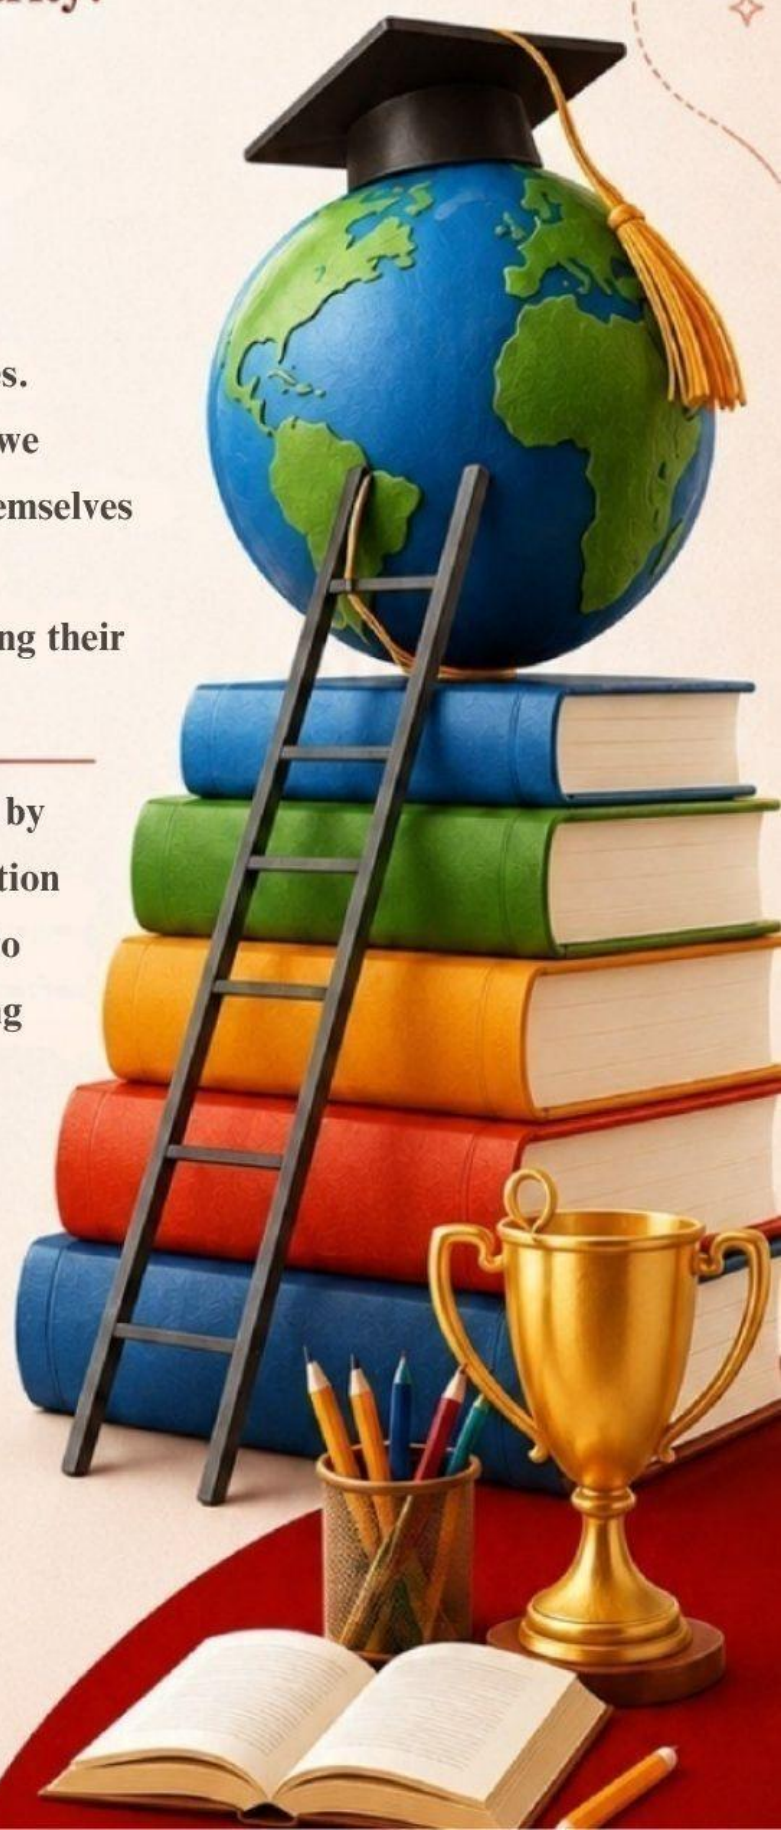

The NextGen Olympiad Foundation has a vision to empower students and teachers to usher in a future-ready educational system. Our dream is to see Bharat, the Vishwaguru. We strive to discover learners' potential by opening up new opportunities. Tiding over societal and technological challenges, we provide a platform for young learners to prepare themselves for the most distinct and exclusive testing systems. This enables them to engage positively, strengthening their knowledge base and building confidence.

NextGen Olympiad Foundation is a trust Registered by Govt. of NCT of Delhi. It is an educational organization headquartered in New Delhi. The aim of the trust is to promote learning beyond the school curriculum among students of Classes Bal Vatika I - X innovatively.

We are pleased to be associated with esteemed, future ready institutions like yours in spreading quality education among students. It may not be out of context here to mention that the NextGen Foundation is reckoned as the organizer of one of the biggest and most popular National Olympiads.

‘Learn • Compete • Excel’

NextGen
OLYMPIAD FOUNDATION

We believe:

Ranking ends the conversation. Benchmark starts it.

NextGen Olympiad recognizes and appreciates student's excellence and strives to hone their critical thinking abilities.

Hence while awards and accolades are showered upon best achievers, we also encourage and analyse the student's performance by the detailed reports showing - what they know, where their gaps are and how they are growing at the topic level, school level and nationally.

The vision is to help students, not to feel superior or inferior but to understand themselves better as learners.

NextGen Olympiad focuses on creating benchmark for each participant where the students compete against their own self rather than with lakhs of other participants.

At NextGen it's not about who did better than whom but it's all about self growth, logical analysis of individual strengths and weaknesses to help students, teachers and parents understand the learners better.

Bal Vatika I - X

**9+
SUBJECTS**

**ALL
BOARDS**

OUR FORTE

Application-based assessment tests where students can use what they've learned, not just recall it. This is how real-world success works — and it's how we assess.

- Beyond certificates and medals — skills that last a lifetime

- See interpretational improvement in specific areas over time

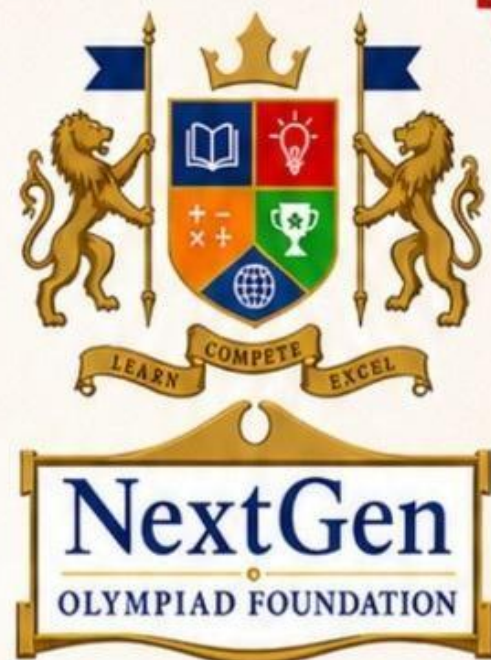

- Potential powered by strong assessment tools and reports.

WHAT YOUR CHILD WILL GAIN

*Let's create a strong academic foundation
for our NextGen to support all future learning.*

WONDER KiDS OLYMPIAD

Classes: Bal Vatika I, II and III

India's early education landscape is undergoing a significant transformation with the implementation of the National Education Policy (NEP) 2020, which recognises Early Childhood Care and Education (ECCE) as the foundational stage in a child's learning journey, emphasising nurturing children's cognitive, emotional, physical and social development during their formative years.

Wonder Kids Olympiad fosters curiosity, creativity and joyful discovery through activity-based and play-based learning, helping young learners build strong base in literacy, numeracy and critical thinking, while supporting the holistic development of the child beyond academic success.

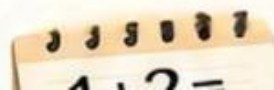

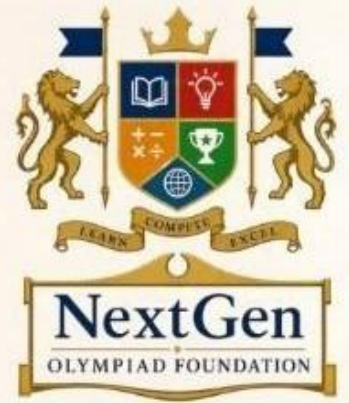

Recognising the importance of this foundational stage, NextGen Olympiad, with its commitment to educational excellence, feels a strong responsibility to contribute to the growth and nurturing of India's young learners. With this vision, we proudly introduce the Wonder Kids Olympiad, designed especially for early learners.

The Wonder Kids Olympiad encourages children to understand basic concepts through engaging and age-appropriate questions that stimulate thinking skills, language development, observation and analytical reasoning. The aim is not to burden young learners but to gently introduce them to structured thinking and problem-solving in a joyful and motivating manner. With the support and encouragement of dedicated teachers, these Olympiads help children begin their academic journey with love for learning. The Wonder Kids Olympiad ensures that children are trained with care and inspiration, preparing them for future.

Subjects: English, Maths, EVS, Hindi and Drawing

AWARDS & RECOGNITION

The NextGen Olympiad celebrates excellence by recognizing outstanding student performances at the National, Zonal and School levels. Meritorious students are awarded trophies, medals, certificates and special recognition prizes, motivating young learners to strive for greater academic achievement. Every participant receives appreciation for his/her efforts, making the Olympiad a rewarding and inspiring experience for all.

AWARDS AND CERTIFICATES

Gold Medal of Distinction & Certificate of Distinction - Class Toppers scoring 85% and above.

Silver Medal of Excellence - Students scoring 80% to 84.99%.

Bronze Medal of Excellence - Students scoring 75% to 79.99%.

Student Progress Report (SPR) for every participant.

Certificate of Participation for all participants.

SCHOLARSHIPS

NextGen Foundation's dedicated scholarships, including the Girl Child Scholarship Award and the Academic Excellence Scholarship Award, demonstrate its commitment to fostering inclusivity and supporting quality education for all.

Girl Child Scholarship Award

NextGen Foundation is proud to launch the Girl Child Scholarship (SGCS), a special initiative aimed at empowering young girls through education. Under this program, one-time scholarships of ₹5,000 each will be awarded to 100 deserving and academically meritorious girl students from economically weaker sections across India, helping them pursue their educational goals with confidence.

Educate a girl,
Empower a generation

Academic Excellence Scholarship Award

NextGen Foundation encourages and rewards meritorious students through its Academic Excellence Scholarship Award. Under this initiative, 100 deserving students are awarded a one-time scholarship of ₹5,000 each. The scholarship serves as a source of motivation, enhancing students' morale and inspiring them to strive for greater academic success.

Rewarding excellence today,
Building a better tomorrow
